

INSPECTORATE OF ELECTRICITY

GOVERNMENT OF MEGHALAYA

SOP for obtaining NOC:

Documents required for application of NOC:

- Application for NOC to the Senior Electrical Inspector, Government of Meghalaya.
- Test Report from Registered Electrical Contractor and counter-signed by the Electrical Supervisor.
- E-Challan.

Procedure for application of NOC:

- Electrical Contractor and Supervisor should submit test report and attach it with the application form as per the voltage requirements. The category of contractor license as required qualification is mentioned below:
 - Installation exceeding voltage up to 33,000V and above (Class I).
 - Installation up to 33,000V (Class-II)
 - Wiring for systems not exceeding 650 V (Class-III)
 - Wiring for System not Exceeding 250 V (Class-IV)

The contractor and supervisor must have a valid license to proceed with the application.

- After Verification of all the documents by the technical staff, documents will be accepted.
- The Office of Inspectorate shall intimate the supplier or the owner for the date of inspection.
- After the fixation of date of inspection, the technical staff shall inspect the electrical installation.
- After inspection, the office shall issue the No Objection Certificate provided that the installations comply with the safety measures.
